CISM REGULATIONS

FOR EQUESTRIAN SPORTING EVENTS

PREFACE

Equestrian sport is the only sport where two athletes (rider and horse) compete together to triumph. This duo makes the logistics of the equestrian games a heavy task to put in place by the organizing country and by the participating nations.

Moreover, for each sporting discipline equestrian breeds of horses are specialized.

Thus, the health and welfare of the horse must prevail before, during and after the organization of an equestrian sporting event.

It is in this spirit that the CISM equestrian sports committee has always favored the use of horses from the host country in order to reduce the financial and health costs of the equestrian sports event for the organizing country as well as for the participating countries.

1 - FOREWORD

These regulations contain the basic rules for the organization of an Equestrian Sports Event of the International Military Sports Council (CISM).

The equestrians competitions are reserved for military riders exclusively and follow the objectives of offering an adequate opportunity to all those riders that try hard to acquire and keep a good technical level.

The four disciplines of the Fédération Equestre Internationale (F.E.I.) are part of the championship: Jumping, Eventing, Dressage and Endurance.

All the equestrian disciplines shall be run according to:

- The CISM statutes;
- The CISM regulations;
- The CISM Equestrian Committee regulations;
- The FEI rules and regulations.

Equestrian competitions shall comply with the latest rules of the Fédération Equestre Internationale (FEI) and the Equestrian Regulations of the International Military Sports Council (CISM).

In case of any discrepancies:

- For general discrepancies, CISM regulations shall prevail.
- For technical discrepancies, both FEI and CISM regulations shall be considered.

1.1- AIM

Help CISM member nations to organize world, continental, regional, tournament and bilateral equestrian sporting events.

1.2- ABBREVIATIONS

CEC - CISM Equestrian Committee
CMC - Continental Military Championship
FEI- Fédération Equestre Internationale
GA - General Assembly
HC - Host Country
OC - Organizing Committee
OCR - Official CISM Representative
PCEC - President of CISM Equestrian Committee
RMC - Regional Military Championship
SG - Secretary General
WADA - World Anti Doping Agency
WMC - World Military Championship
WMG - World Military Games

2 - GENERAL GUIDELINES

2.1- EVENTS

The rules of the four of equestrian sport events are detailed in the annex rules:

- Show Jumping;
- Eventing;
- Dressage;
- Endurance.

The regulations for each discipline listed in the Annex, is to guide and assist the host country organizing committee.

Any changes to these regulations cannot be done only after consultation and approval of the President of CISM Equestrian Committee.

2.2- HOW TO APPLY FOR HOSTING A CISM EQUESTRIAN SPORT EVENT

2.2.1- ELIGIBILITY AND PROCEDURES

- Only active CISM member nations may organize CISM equestrian sport event;
- There is no specific time of the year to apply for hosting a CISM equestrian sport event but for Championship, this should be done preferably at the General Assembly.
- Delegations must consult the PCEC before the applying for hosting a Championship.
- After consulting the PCEC, the Chief of Delegation will officially notify the Secretary General the intention of hosting the event, with copy to the concerned PCEC. The Application File, properly filled, must be enclosed in this document.
- In case of occurring problems that impede a Delegation of conducting a pre- assigned WMC, the SG must be immediately informed.

2.2.2- CALENDARS

Delegations that want to organize a CISM equestrian sport event must pay attention to the CISM and FEI calendars.

For practical reasons, the host Delegation has to define the exact dates (arrival, opening ceremony, competitions days, closing ceremony and departure) and inform the CISM HQ until the General Assembly of the year before of the CISM WMC.

The OC, in close coordination with their National Federation of the Host Country, must ensure that the Military World Events in equestrian discipline is included into the FEI calendar. Once this formal procedure is completed, in principle, none changes will be allowed.

The OC (Director of each event) must inform the FEI who will give guidance to have the competition entered into FEI online calendar.

The procedure must be carried out by National Federation, the only body that has an official accreditation to enter the competition. The related fees will be identified by the national federation of the host country.

2.2.3- SCHEDULE (SEE CISM GUIDANCE TO ORGANIZERS)

3 - COMPOSITION OF A MISSION

See Annex rules for each discipline events.

4 - ATTENDANCE OF CEC MEMBERS

The OC will accept the President and the CEC members as additional mission members (see CISM reg. 7.22.c.).

The OC will accept the PCEC and the members of the CEC as additional mission members. CEC members are invited officially and may be included as extra members of their Country's mission, if participating in the competition.

5 - COMPETENT AUTHORITIES

The official CISM representative represents CISM at a WMEC and chairs the Jury of Appeal and the anti-doping commission.

6 - COMPETITION MANAGEMENT

6.1- PARTICIPANTS

- Only military qualified riders on military active duty are allowed to take part at this event. It is not accepted that personnel is reincorporated only to allow them to participate at the championship;

- Each country is represented by team or individual riders. In the team competition, the team will be composed by 3 riders.

Only in WMG, a nation which cannot send a full team may enter one or two individual riders.

- There is no discrimination in male or female participation nor military rank and age. Female participation is recommended.

- Participants must be familiar with the present rules; this includes also the chief of mission and especially team captains.

- Participants will observe the rules of good behavior.

- Team managers must provide the OC with a Certificate of Capability. This Certificate of Capability includes a record of participation in official national/ international competitions (see Annex 7).

- Riders can compete in more than one discipline.

6.2- DUTIES OF THE PARTICIPANTS

6.2.1- MEETING

It will be conducted in accordance with CISM regulations.

6.2.2- FLAG AND ANTHEM

Each mission brings his national flag (dimensions: 1.0 m x 1.5 m for a 6 m flag pole) and its national anthem (on CD/ USB drive) for use during the championship.

6.2.3- DISQUALIFICATION

Failure to observe the rules of good behavior or to practice safe riding may lead to a warning or a disqualification of a competitor or a team in one or more events.

6.2.4- HORSES

In order to increase the number of participating nations, the organizing committee can provide, without any charge, adequate horses for competitors.

The borrowed horses will be drawn at the presence of all chiefs of mission. The borrowed horses must wear their usual bit and bridle which must not be changed. The riders can use their own stirrup in accordance with the FEI rules.

However, in case horses are borrowed, some functions will not be present and accommodated under the OC responsibility.

7 - AWARDS

7.1-INDIVIDUAL

For each day of competition there will be a classification and an individual prize/ trophy for the first 3 riders; at the end of the three days, medals will be awarded to the first 3 riders (gold, silver and bronze).

7.2-TEAM

At the end of the three days, medals will be awarded to each member of the first three teams (gold, silver and bronze).

A participation certificate will be presented to all participating riders.

8 - ANTI - DOPING CONTROL

8.1- HUMAN RIDERS

8.1.1- DOPING CONTROL

Doping control is carried out in line with the World Anti-Doping Code, applicable international standards and CISM Anti-Doping Rules.

All qualified athletes may undergo doping test once or multiple times during the event.

Doping control comprises in- and out-of-competition tests. In-competition testing refers to tests conducted during a period starting 12 hours prior to the competition and ending at the end of the competition and the related collection of samples, whereas tests conducted at any other time is regarded as out-of-competition tests.

Samples collected include those of urine and blood and will be sent to a WADA-approved doping-control laboratory, where samples will be analyzed according to the international standard of 2019 Prohibited List of WADA. The latest prohibited list can be found on www.wada-ama.org.

8.1.2- ATHLETES RIGHTS AND OBLIGATIONS

8.1.2.1- RIGHTS

- Prior to sample collection, athletes will be notified of the doping test and the types of sample to be collected.

- Athlete is allowed to be accompanied by a representative, and an interpreter if possible.

- Athlete can enquire about other details of the sample-collection process.

- According to relevant CISM regulations, athletes can postpone their visits to the doping control station or temporarily leave the station for any of the following valid reasons: attending competitions, training, warm-up, medal ceremonies, media activities, medical treatment or any other reasonable situations.

- Being informed of the potential consequences of failing to observe the terms.

8.1.2.2 - OBLIGATIONS

- Accepting the continuous and direct observation of doping-control staff at the WMC from the initial contact until the end of sample collection.

- Presenting appropriate identification, such as the accreditation cards of the WMC.

- Observing the sample-collection procedure.

- Promptly reporting to the doping control station and undergoing sample collection unless a justifiable reason for postponement is available.

8.2 - HORSES

At least at each CISM military WMC, if possible also at other major events, anti- doping controls will be carried out according to the latest CISM anti-doping regulation (chapter iv, CISM policy manual) which is fully in line with the anti-doping code of WADA.

Specificities of the FEI anti doping regulation will be considered when necessary.

At world military equestrian championships at least 2 tests per discipline will be carried out.

The list of prohibited substances and methods used for the anti- doping testing in CISM events will always be the actual WADA list.

If the horses are provided by the organizing committee and if each rider is assigned a new horse for each day of competition in addition to the prohibition of access of the riders and their team to the stables; doping control becomes irrelevant because the notion of the Responsible Person disappears.

8.3 - THERAPEUTIC USE EXEMPTION (TUE)

TUE is implemented in accordance with the CISM Anti-Doping Regulations.

9 - GENERAL PROGRAM OF STAY

It will be defined every year in accordance with the Organizing Committee.

10 - ORGANIZING COMMITTEE

In order to facilitate the organisation of the championship, the following shrewdness can be used:

- Organize the event within a civilian show: if the organising committee has contacts with a local equestrian organisers, the championship can be organised within a civilian competition. Advantages: the organisations is already in place and the promotion of CISM and military sport is ensured.

- All expenses related to Officials will be a responsibility of the OC.

- Find a sponsor for the horses: Many Nations have national studbooks. It could be useful to identify a national breeder or a pool of national breeders that are willing to promote their horses for free.

11 - EQUESTRIAN SPORT EVENTS

11.1- WORLD GAMES / WORLD EQUESTRIAN CHAMPIONSHIPS

The CISM World Games are organized every 4 (four) years and all member nations are invited to participate.

The CISM World Equestrian Championships are called «(NUMBER) CISM WORLD MILITARY (SPORT) CHAMPIONSHIP (DISCIPLINE) (CISM logo)», e.g. 34th CISM WORLD MILITARY EQUESTRIAN CHAMPIONSHIP (SHOW JUMPING) (CISM logo).

The World Equestrian Championships comply with the following conditions:

- Organization annually or biannually,

- Invitation to participate extended in accordance with CISM rules,

- Effective participation by at least nine (9) nations (2 per Continent, plus the team of the organizing nation) or by at least two (2) continents. The acceptance of the participation will on the basis first demand apply sent, first participate accepted (or in other way if agreed before).

The Championship will be organised over maximum three days. The classes will be agreed with the Organising Committee.

11.2- CONTINENTAL EQUESTRIAN CHAMPIONSHIPS

Continental championships are called «(YEAR) (CONTINENT) MILITARY (SPORT) CHAMPIONSHIP (DISCIPLINE) (CISM logo)», e.g. 2021 ASIA MILITARY EQUESTRIAN CHAMPIONSHIP (EVENTING) (CISM logo).

They comply with the following conditions:

- Organization annually or biannually,

- Invitation to participate extended to all member nations of the continent,

- Effective participation by at least six (6) nations,

The Continental Championship will be organised over maximum three days.

11.3- REGIONAL EQUESTRIAN CHAMPIONSHIPS

Regional championships are called «(YEAR) (REGION) MILITARY (SPORT) CHAMPIONSHIP (DISCIPLINE) (CISM logo)», e.g. 2021 MIDDLE EAST MILITARY EQUESTRIAN CHAMPIONSHIP (ENDURANCE) (CISM logo).

They comply with the following conditions:

- Regional Championships may take place every year.

- Invitation to participate extended to member nations of the regional Liaison Office and, if desired, to any member nation outside the region,

- Effective participation by at least four (4) nations,

The Regional Championship will be organised over maximum three days.

11.4- EQUESTRIAN TOURNAMENT

Tournaments are called «(YEAR) (SPORT) MILITARY TOURNAMENT (DISCIPLINE) (CISM logo)», e.g. 2020 MILITARY EQUESTRIAN TOURNAMENT (DRESSAGE) (CISM logo).

They comply with the following conditions:

- Tournament may take place every year.

- Invitation to participate extended to at least two (2) other nations.

11.5- EQUESTRIAN BILATERAL COMPETITION

Bilateral competitions between member nations of CISM are encouraged. These competitions are called «(YEAR) MILITARY BILATERAL (SPORT) COMPETITION (DISCIPLINE) (CISM logo)», e.g. 2010 MILITARY BILATERAL EQUESTRIAN COMPETITION HP (SHOW JUMPING) (CISM logo).

CISM EQUESTRIAN RULES FOR SHOW JUMPING

In order to increase the number of participating nations, the Organizing Committee must provide, without any charge, an adequate number of horses for competitors (three per team).

Team managers must provide the OC with a Certificate of Capability. This Certificate of Capability includes a record of participation in official national/ international competitions (up to 1.25 m for WMG and maximum height of 1.20m for WMC).

1- COMPOSITION OF A MISSION

Chief of Mission: 1 - Team captain/ Coach: 1 - Riders: 3

2- COMPETITION SCHEDULE

DATE	ACTIVITY
D-1	Horse Inspection Technical Meeting
D1	The competition will played in two phases article 274.2 - First phase: Table A Not against the clock - Second phase: Table A Against the clock.
D2	The competition will played in one round under FEI article 269 Accumulator competition with joker.
D3	Rest Day
D4	The competition will played over two rounds under FEI article 273.3.3.2. - First round: Table A Not against the clock - Second round: Table A Against the clock.

3- TECHNICAL SPECIFICATIONS

3.1- TRAINING SESSION

The warm up is held in the main Competition arena. A course with approximately 6 obstacles including a combination will be designed.

Riders have 60 seconds to complete the course or any number of obstacles on the course. The training session is observed by the Ground Jury.

Dress is informal: boots, breeches, shirt and protective headgear must be worn.

The public may not be charged to enter and prizes of any kind may not be offered.

3.2- COMPETITION REGULATIONS

3.2.1- DAY 1: COMPETITION IN TWO PHASES, ARTICLE 274.2

This Special Two-Phase Competition comprises two phases run without interruption, each at an identical or different speed, the finishing line for the first phase being identical with the starting line for the second phase. The total number of obstacles in both phases is a minimum of 11 and maximum of 13 obstacles. This Competition must be judged in accordance with the following formula:

- First phase: Table A not against the clock, it is a course of five to seven obstacles with or without combinations.

Athletes completing the first phase may continue in the second phase.

- Second phase: Table A against the clock, remaining obstacles. The second phase may include one combination. The second phase finishes after crossing its finishing line.

- Classification: According to the aggregate penalties in both phases (faults on obstacles and penalties for exceeding the time allowed in both phases) and, if necessary, according to the time of the 2nd phase.

Athletes who are eliminated or retire from either the first or second phase will not be placed.

In the event of equality for first place, the tied Athletes will be placed equal first.

3.2.2- DAY 2: ACCUMULATOR COMPETITION ARTICLE 269

a- The competition is a round of time competition, which does not include additional competitions and consists of 10 obstacles, with increasing difficulty. Combination obstacles are not allowed. The increasing difficulty lies not only in the height and spread of the obstacles, but also in the difficulty of the track.

b- The score awarded is as follows: one point for obstacle number one not knocked down, two points for number two, three points for number three, etc. with a total of 55 points. No point is awarded for an obstacle knocked down. Faults other than knock-downs are penalized as for Table A.

c- For the last obstacle on the course, one of the selective obstacles will be provided, of which one is named as Joker Obstacle. The Joker Obstacle must be more difficult than the selective obstacle and carry double points. If the Joker's Obstacle is knocked down, these points will be deducted from the total points obtained so far by the athlete.

3.2.3- DAY 3: COMPETITION OVER TWO ROUNDS, ARTICLE 273.3.3.2.

a- The competition requires the same speed, the numbers of obstacles are different for the two course, and there is no additional competition. The number of obstacles on the second course will be reduced. Each athlete must compete with the same horse. Athletes, who have been eliminated or who have retired during the first round, may not take part in the second round and may not be placed.

b- All athletes will take part in the first and second rounds.

c- First round: Table A Not against the clock

d- Second round: Table A Against the clock. The reverse order of penalties in the 1st round; Athletes retain their drawn order in case of equality of penalties.

4- CLASSIFICATION

a- The classification will be established according to aggregate penalties over both rounds and the time incurred in the second round. Classification of Athletes not taking part in the second round will be according to the penalties incurred in the first round.

b- The final ranking of individuals will be subject to the total score obtained in the three-day competition. If there are the same scores, the winner will be determined based on the best results in Day 3.

c- The final team ranking will be determined by the total score of 3 team riders in the three-day competition. If there are the same scores, the winner will be determined based on the best team results in Day 3.

d- For each grade, the score of the winner will be the number of competitors plus 1 and that of the second place will be the number of competitors minus 1, and so on (For example, if there are 20 competitors, the score of the first place will be 21 points; the score of the second place will be 19 points, and the score of the third place will be 18 points...).

e- Elimination: 5 negative points shall be added to the score of the last place of such grade;

f- Withdrawal, retired: 7 negative points shall be added to the score of the last place of such grade.

*at least two (2) have to be foreign of different nationalities.

Each Competition is to be judged by a group of three Judges in the Judges' box and one additional Judge for the water jump, if there is one.

The composition of the Veterinary Commission, which is compulsory for all Championships, the World Military Game and the appointment of the President and members must be in accordance with the FEI Veterinary rules.

CISM EQUESTRIAN RULES FOR DRESSAGE

Each Nation participating can enter a maximum of three (3) riders and three horses when the horses are not borrow.

All individual competitors must participate in the Team competition.

1- COMPOSITION OF A MISSION

Chief of Mission: 1 - Team captain/ Coach: 1 - Riders: 3

2- COMPETITION SCHEDULE

DATE	ACTIVITY
D-1	Horse Inspection Technical Meeting
D1	Team Test : FEI Prix St-Georges Test (Edition 2009) update 2020 Technical Meeting
D2	1st Competition Individual Test: FEI Intermediate I Test(Edition 2009) update 2020 2nd Competition Individual Test: FEI Intermediate I Freestyle to Music(Edition 1998, revision 2009) update 2020

3- TECHNICAL CONDITIONS

3.1- DRESS

Athletes must wear service dress of their own nation: boots, breeches, shirt, tie, gloves. Protective Headgear must comply with all requirements and must be worn during all the competition (warm up include).

3.2- TRAINING SESSION

All Athletes will be able to warm-up and school their Horses for half an hour before their start time in each Competition. This training session must be supervised by the Technical Delegate and the Steward and observed by the Ground Jury.

The warm up is held in the main Competition arena.

3.3- COMPETITION REGULATIONS

3.3.1- STARTING ORDER

Draw according to Annex 6

3.3.2- DRESSAGE TEAM

The test team dressage consists of a Prix St. Georges test that is open to all riders and compulsory for them.

3.3.3- DRESSAGE INDIVIDUAL

Dressage Individual consists of two (2) competitions. Riders who had been eliminated or who had retired in the Team competition will not be allowed to start in the Individual competition.

-1st Competition: The FEI Intermediate I Test is an Individual Qualifier, open to all riders who have completed the Prix St. Georges Team Test.

- 2nd Competition, FEI Intermediate I Freestyle to Music, is the Individual inal, which is limited to and compulsory for the best fifteen (15) best placed rider/horse combinations, including those tied for the 15th of the 1st competition, the FEI Intermediate I.

- Each participating nation can enter a maximum of two (2) riders in the individual final.

- Each rider in the final must have achieved at least 60% in the 1st competition.

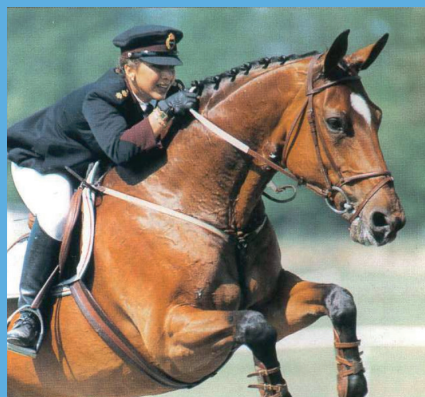

4- CLASSIFICATION

The classification will be made as follows:

4.1-TEAM CLASSIFICATION

The winning team is the one having the highest total points of their three best riders, the second the one with the next highest total and so on. In case of equality of points, the winning team is the one whose lowest classified competitor out of the three has the best result.

In case of equality of percentages, winning team is the one (1) whose lowest classified Athlete out of the three (3) has the best result. This rule applies only for the first and second place. In cases of teams having equal percentages for third place the teams are given the same placing.

4.2- INDIVIDUAL CLASSIFICATION

The final classification for Dressage individual will be decided with the results of the 2nd competition, Intermediate I Freestyle test.

The rider with the highest total percentage score will be declares the winner. In the event of a tie for the top three placing, the rider with the higher artistic marks will win. Should the artistic marks be the same, the marks for Harmony will decide the winner. In the event of ties in the remaining placing, the rider will be give the same placing.

In this competition medals will be awarded to the first, second and third place.

5- OFFICIALS

*at least two (2) have to be foreign of different nationalities.

The composition of the Veterinary Commission is compulsory for all Championships, the World Military Game.

The appointment of the President and members must be in accordance with the FEI Veterinary rules.

Official Veterinarian: from FEI list of Dressage Veterinarians.

CISM EQUESTRIAN RULES FOR EVENTING

Eventing could be described as an “equestrian triathlon.” It involves working with a horse both on the flat and over fences.

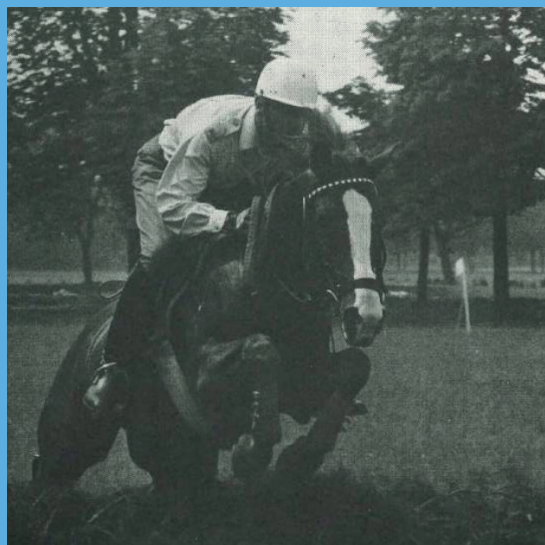

Eventing consist of three separate tests: Dressage - Cross Country - Jumping.

Over the centuries it has developed from the test of the ideal military charger into an exciting sport that attracts interest from all levels of sports enthusiasts, from weekend hobby riders to professional international stars.

If horses are borrowed, the FEI has suggested, for security reasons, not to organize eventing in world championships.

1- COMPOSITION OF A MISSION

Chief of Mission: 1 - Team captain/ Coach: 1 - Riders: 3

2- COMPETITION SCHEDULE

DATE	EVENT NAME
D1	Official Cross Country course inspection
	Horse Inspection
	Technical Meeting for the Dressage competition
D2	Eventing Dressage Team and Individual: Session 1

D4	Eventing Cross Country Team and Individual
	Technical Meeting
D5	Second Horse Inspection
	Eventing Jumping Team and Individual Final

3- TECHNICAL CONDITIONS

Each nation can enter one (1) team with a maximum of three (3) rider-horse combinations. All riders and horses must be qualified as a combination for at Star Championship event:

3.1- DRESSAGE TEST

Test: FEI Two Star Dressage Test B 2015

3.2- CROSS-COUNTRY

LENGTH	BETWEEN 2.600 - 3.120 M
SPEED	480 - 520 M/MN
HEIGHT	1.10 M
APPROX. NUMBER OF EFFORTS	25-30

3.3- JUMPING

DISTANCE	350- 450M
SPEED	350 M/MN
HEIGHT	1.15 M
NUMBER OF EFFORTS	MAX 13

This Competition comprises two phases run without interruption, each at an identical, the finishing line for the first phase being identical with the starting line for the second phase.

The first phase is a course of five to seven obstacles without combinations. The total number of obstacles in both phases is a minimum of 11 and maximum of 13 obstacles. The second phase may include one combination and finishes after crossing its finishing line.

Athletes completing the first phase may continue in the second phase.

This Competition must be judged in accordance with the following formula:

- First phase: Table A not against the clock with minimum 5 and maximum 7 obstacles.

- Second phase: Table A Against the clock for the remaining obstacles (Total of minimum 11 and maximum 13 obstacles in both phases).

- Placing: According to the aggregate penalties in both phases (faults on obstacles and penalties for exceeding the time allowed in both phases) and, if necessary, according to the time of the 2nd phase.

Athlete, who is eliminated or retired from either the first or the second phase, will not be placed.

In the event of equality for first place, the tied Athletes will be placed equal first.

4- EXAMINATIONS AND HORSE INSPECTIONS

Each horse will be subject to a veterinary examination at point of departure, backed up by a second inspection on arrival at the Equestrian Event Area.

Each horse must also undergo the first horse inspection prior to the first day of competition (dressage test), and the second horse inspection prior to the jumping test. These are intended to confirm the horse's fitness to compete.

The veterinarian will also perform an examination on each horse after completion of the cross country test.

If team has a reserve athlete/horse combination, all four (4) horses must be presented at the first horse inspection (fourth horse with a horse number and alternate athlete rider). If a horse is not accepted at the second horse inspection, it can be substituted with the reserve horse if it has not yet competed.

5- PRACTICE OBSTACLES

Competitors may only jump in practice those practice obstacles provided by the O.C.

5.1- CROSS COUNTRY PRACTICE OBSTACLES

The O.C. must provide a practice warm-up area near the start of the Cross Country with at least two fixed obstacles and/or knock down obstacles, of which dimensions may not exceed those of the Cross Country phase and which must be marked with red and white flags. These are the only practice obstacles which may be jumped.

5.2- JUMPING PRACTICE OBSTACLES

The O.C. must also provide at least two adjustable practice obstacles, one vertical and one spread, in the exercise area near the Jumping arena. These obstacles, constructed in the usual manner, must be marked with red and white flags.

- No part of the obstacle may be held by anyone during practice jumping.
- These obstacles may not be raised more than 10 cm above the height allowed in the Jumping test.
- The spread may never exceed the maximum permitted.
- The practice obstacles shall only be jumped at times laid down by the O.C.
- Violation of any of the above provisions relating to practice obstacles will result in elimination.

6- SCORING

1. Dressage: The points given by the Judges will be converted to penalty points, which will accumulate successively. They will be registered as the final score of this phase and will be published according to regulations.

2. Cross Country: The penalty points of the competitors in the obstacles plus the penalties for exceeding time will be registered in order to be added to the negative points in this phase, and the points accumulated will be published according to regulations.

3. Jumping: each of the penalties in the obstacles will be added to the penalties for exceeding time, and will be registered, and accumulated in order to obtain the final result that will determine the placing. They will be published according to regulations.

For the team classification, the following penalties will be allocated for the non-start/non- completion of a test for any reason:

dressage = 100, cross country = 200 and jumping = 100.

7- CLASSIFICATION

7.1- FINAL INDIVIDUAL CLASSIFICATION

The individual winner will be determined by the total number of penalty points incurred in all four (4) tests, the Athlete who obtains the lowest total of penalty points after adding the three competitions.

In case of tie, classification will be decided by the following tiebreakers, in this order:

- The best cross country score including faults at obstacles and time penalties and other penalties incurred during the cross country test
- If there is still equality, the classification is decided in

favour of the athlete whose cross country time was closest to the optimum time

- If there is still equality, the athlete with the best individual final jumping score (time and obstacles)
- If there is still equality, the athlete with the best individual qualifier (team competition) jumping score (time and obstacles)
- If there is still equality, the athlete with the best time (fastest) in the individual final jumping test
- If there is still equality, the classification will be decided in favour of the athlete with the best overall impression mark in the dressage test.
- If there is still equality the tie will remain in the final classification, by order of Nation codes.

7.2- FINAL TEAM CLASSIFICATION

The winning team is that with the lowest total of penalty points, obtained by the top three positioned competitors in the team. For the team classification, the following penalties will be allocated for the non-start/non- completion of a test for any reason: dressage = 100, cross country = 200 and jumping = 100.

No substitution is permitted where the combination has been eliminated for dangerous riding, abuse of horse, or where the combination has been disqualified.

In the event of equality between any two or more teams, the classification will be decided by the best combined highest three placing. —e.g. a team with riders ranked individually 2nd, 8th and 12th, gives a total of 22, will beat one with competitors ranked 1st, 7th and 15th, which totals 23. If the result is the same number, a tie is declared.

7.3- DISQUALIFICATION OR ELIMINATION

Disqualification or elimination from any competition will be cause for elimination from the final individual classification.

Veterinary Services Manager (VSM):

from FEI list of Permitted Treating Veterinarians, as required.

CISM EQUESTRIAN RULES FOR ENDURANCE

1- COMPOSITION OF A MISSION

- Chief of Mission: 1
- Team captain/ Coach: 1
- Grooms: 2 for 1 horse (only for Nations bringing horses)
- Veterinarian: 1 (only for Nations bringing horses);
- A support crew during the competition will be provided by the OC.

2- COMPETITION SCHEDULE

DAY	
BEFORE EVENT	Veterinary examination upon arrival
D-1	Technical Meeting
D	First Veterinary Inspection
	Competition Final Veterinary Inspection: Within 30 minutes after crossing the line

3- TECHNICAL CONDITIONS

Time limit: 14 km/h

Starting method: Mass start

Minimum Weight: 70 kg

Weight control must be carried out before the start of the Competition and (if so requested by an Official) after the finish. Weight control inspections may also take place at random at any time during the Competition on request by an Official.

Heart Rates

PRESENTATION TIME	REQUIREMENTS
ON LOOPS	64 bpm within 15mn of crossing the end line of each loop
FROM HALFWAY POINT	If at first presentation HR more than 68 bpm, must do a re-inspection before starting the next loop
FINAL LOOP	64 bpm within 20mn of crossing the end line of final loop

Minimum distance per day

NUMBER OF PHASES	KM	MINIMUM TIME FOR 18KM/H+	INTO A HOLD (MINUTES) OF
1	35	117 minutes	40
2	35	117 minutes	40
3	25	83 minutes	40
4	25	83 minutes	into finish
TOTAL KM	120		

	NUMBER
Crewing Points max 1 per 5 km	7
Drinking water Points min1 per 10 km	12

(+)Minimum time for 18 km/h serves as informative time as per Art. 837, from 1st July 2020

- At least one timed hold not shorter than 40 minutes.
- No phase may exceed 40 km and be less than 20km.
- Hold times must meet a minimum ration of 1 min per 1 km completed (each phase)
- Maximum hold time is 60 minutes

4- CLASSIFICATION

The Individual and Team Endurance events will be run concurrently.

According to the discipline and competition carried out, the classification will be made as follows:

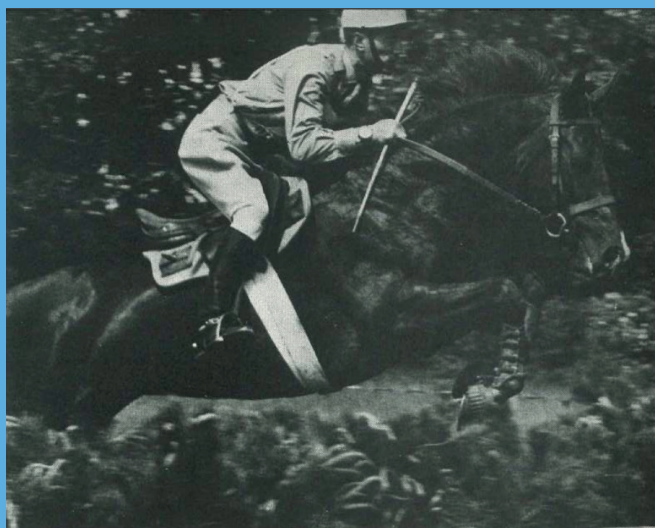

4.1- ENDURANCE INDIVIDUAL EVENT

In an Endurance competition, the winner is the one with the best time. A nation may win only two (2) medals in the Individual Endurance event even if it has more than two (2) combinations competing in the Endurance events and the results of the three (3) winner-medalists in the Endurance Individual event will not be considered for the Endurance Team event.

4.2- ENDURANCE TEAM EVENT

The winning team is that with the best time if any, after adding the final classification of the three highest placed competitors in the team. In the case of a tie, the winning team will be the one whose third competitor has the best time. Two members cannot be a team and be classified under the team results.

- 1- Each nation may enter three (3) combinations (athletes and horse) for the Endurance Team event.
- 2- All combinations in the Team event are automatically considered to be competing in the Individual event.
- 3- Any nation with less than three (3) combinations will be eligible to win only Individual event medals.
- 4- The score of any combination who wins a medal in the Individual event will NOT be eligible for the Team event score.
- 5- Should any combination whose result was available to count towards Team score subsequently fail an MCP sampling procedure which results in the loss of that Individual's result within the event, the classification of that entire team will become null and void.
- 6- The winning team is the one that finishes the course in the shortest time as well as completing all final Veterinary Inspections and medication control.

COMPETITIONS WITH BORROWED HORSES

1. The OC will make available the necessary number of horses.

2. At least 24 hours before the start of the first Competition a fair draw of the borrowed horses for each team or individual riders will take place.

3. The draw will take place in front of the Team managers, coaches, riders, the President and Members of the CISM Equestrian Committee. The horses will be present and properly identified and will wear the bridle normally used. This same bridle will be used throughout the whole Event unless the permission to change is given by the owner.

4. The OC will provide a reasonable number of reserve horses to be used in case any horse is found incapacitated by the Veterinary Commission or in case of apparent complete incompatibility between one of the Riders and his Horse, as stated by the Ground Jury.

5. FEI passports shall not be required, provided that only national horses take part.

6. Each Athlete will be given the opportunity to ride the Horse obtained in the draw according to the rules established by the OC.

7. If there is an apparent complete incompatibility between Horse and Athlete, the OC may substitute a reserve Horse at the discretion of the Ground Jury.

The Horses must wear their usual bit and bridle which must not be changed during the Event unless permission is given by or on behalf of the Owner

8. The relevant Sport Rules for each Discipline and Category or the schedule of the Event shall apply for Events with borrowed Horses where appropriate.

9. The Horses must wear their usual bit and bridle which must not be changed during the Event unless permission is given by or on behalf of the Owner.

DRAW AND ALLOCATION OF HORSES

1- IDENTIFICATION CONTROL OF HORSES

- Before the arrival of the delegations, a team composed of members of the Organising Committee and the CISM Sport Committee will provide a quality control of horses, will give a progressive code to each horse (H1 to H...) and dividing them in three groups in accordance with their capability (A,B, C - where A are most and C least capable horses).

- The horses will then be given a serial number as follows:

1. first horse of group A, 1;
2. first horse of group B, 2;
3. first horse of group C, 3;
4. second horse of group A, 4; etc;

A	B	C
1	2	3
4	5	6

With this system all riders will have the chance to ride horses of different capability throughout the three days of competition.

2- DRAW FOR STARTING ORDER

- The draw will take place in front of the Team Managers, coaches, the Riders, the President and Members of the CISM Equestrian Committee.

- A draw will first take place to determine the starting order of the individual Athletes, regardless of their nationality; during the warm up and the 1st round, these riders will be competing at the beginning of the class.

- A second draw will then take place to decide the order in which the Teams will start. Each Team Manager will then fix the order in which he wishes his team Athletes to start in the order of the team.

- At the end of this phase, all riders will ordered with a code (R1, R2, R3, R4, etc).

3- ALLOCATION OF HORSES

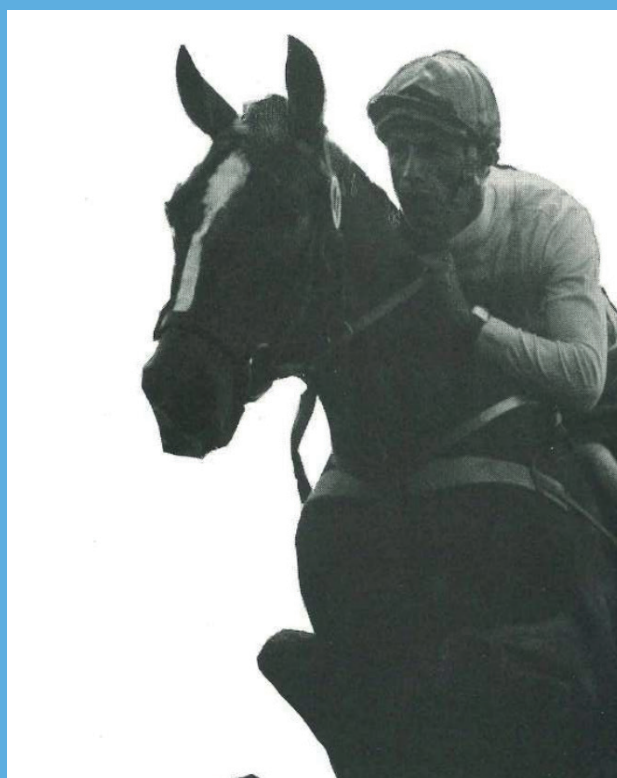

- The allocation of horses for the warm up and for the 1st round will proceed by draw. Each rider, in the same order of the already defined starting order (as in para 2), will draw the number of his horse (as defined in para 1).

Example: rider R1 draws horse H7; he will ride horse H7 during the warm-up and the 1st round.

- The allocation of horses for the 2nd and 3rd round will proceed allocating the next horse in the horse list (defined in para 1).

Example: rider R1 will ride horse H8 in the 2nd round and horse H9 in the 3rd round.

- Horses will be drawn (including those of the organising Nation) before the first class during the technical meeting.

CERTIFICATE OF CAPABILITY

To be returned to the PCEC accompanied by a «Record of Results» not later than: the date corresponding to the nominated entries

The undersigned, acting as President of the National Federation of _____
 _____ hereby declares that the combinations, Athletes and Horses* mentioned below have the required experience and qualifications to take part in the Equestrian Events at CISM World Championships for which they have been entered, and that their performances comply entirely with the standards as set forth in the Sport Rules.

QUALIFIED COMBINATIONS

ATHLETE	HORSES (*)
Surnames & first names	Names & Passport No.
(maximum of double the number of Athletes & Horses allowed to be sent to CISM Championships)	(age, colour, sex, breed, Stud book Registration number & names of sire & dam if known)

(*):if the athlete bringing his horse.
