You wanted to organize

- The best solution is to combine civilian and military race in order to increase our visibility and reduce the costs of the organization
- You can also organize Regional CISM. Athletes do not need to be a world class athlete to compete in our sport inside CISM.
- You can organize 2 championships as one with similar disciplines by common logistics means (triathlon & cycling)
- CSC members are at the disposal as advisers for coming experienced or not experienced organizers, do not hesitate to “use” us.
